

## WALKWAY AND HANDRAIL SYSTEM

### A REVOLUTION FOR INDUSTRIAL GRATING

The **ABRA** Safe grating is the only product of its kind in Australia to offer the exclusive designed knurled finish. The application of this process to the surface of the grating provides a superior slip resistance unmatched by any other product on the market today.

Increased safety, reduced labour, reduced material and improved aesthetics are what has made the **ABRA** Safe walkway and handrail system the product of choice for many architects and roof walkway companies.

#### Typical applications:

- Aircraft maintenance platforms
- Boardwalks
- Disabled access ramps
- Ladders
- Lightweight walkways
- Marinas – Jetties – Pontoons
- Perimeter handrails
- Plant platforms
- Roof walkways
- Scaffolds
- Sewerage – Water treatment
- Staircases
- Suspended catwalks

## Choice

The **ABRA** Safe walkway is available in a 13mm – 22mm – 30mm and 40mm range of load bar depths, when combined with several panel widths will suit a large variety of applications, and is the perfect choice when a light weight, highly cost effective product is required without compromising on strength or quality.

## Extrusions – Castings – Components

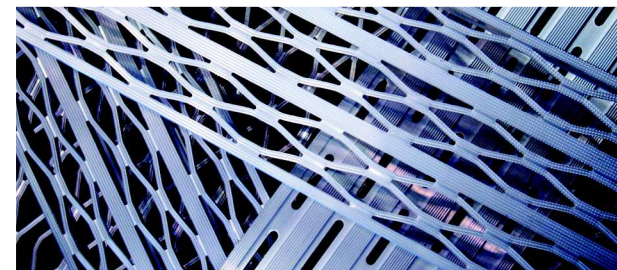

To further compliment the many uses of the **ABRA** Safe walkway, we have an extensive range of purpose designed extrusions and castings to ensure efficient installation in both speed and cost.

## The ABRA Safe vision

Understanding the necessity to evolve a product, whilst focusing on providing the market a better and innovative end result has always been our goal. The **ABRA** Safe systems are designed to provide easier installation and remove costly fabrication. A regular feature of system reviews with the **ABRA** Safe product range have been the ease of fabrication and cost savings from reductions on the installation time.

## Expert advice

Whatever the size or complexity of the project, our service doesn't just stop with great products. **ABRA** has a team of professional people happy to offer assistance with your enquiry – technical – specific – general.
